

Big Shot/Big Deal! Club ~ **Now Forming for locals & long- distance customers!!**

SU! has partnered with Sizzix and designed the exclusive BIG SHOT die cut machine. Even if you already own a die cut machine, this one will do so much more! All of your other dies and embossers will work in the Big Shot. Stampin' Up! has started with 10 exclusive dies as well as has 30 of Sizzix most popular dies available for purchase on September 1st. This machine is built to cut and emboss over 50 types of material. I invite you to ask me why this machine is superior to all the others on the market and the only one you need!

Why a club? How many times have you purchased a new tool only to have it sit around because you are uncertain about using it. *I will train you for 4 months* on the uses of your Big Shot if you purchase it from me! At each of the club meetings, we will make 3-4 projects using the Big Shot, so you will get hands on training. If you can't make the meeting or are long-distance from me – don't worry, I will send you the samples and instructions to make the projects each month!
