

When you are close to the end peel the backing off of the Sticky Strip along the 5 ½" end. Line up the top edge with the top edge of the first sheet. Adhere the side and then finish sticking down the tabs on the bottom.

Step 6

Stamp the top left portion of the Upsy Daisy floral image onto a piece of 2" x 2 ½" scrap Whisper White card stock using Tangerine Tango ink.

Stamp a greeting from the All Holidays stamp set (or other greeting of your choice that fits in the Wide Oval Punch) over the flower image using Basic Black ink.

Use the Wide Oval Punch to punch out the greeting and some of the floral images.

Drag the edge of the punched oval on the surface of the Basic Black ink pad to color the edges.

Step 7

Wrap Sticky Strip around the center of the black strip on the purse.

Peel off Sticky Strip backing and adhere a 15" long piece of the 7/8" So Saffron Poly Twill ribbon. Begin by placing one end of the ribbon at the center of the front of the purse and working around until it meets up. If it's not exact don't worry, this seam will be covered.

Apply Sticky Strip to the center of the 6 ½" piece of So Saffron ribbon. Fold in one end and adhere to the center. Repeat with the other end.

Use Sticky Strip to adhere looped ribbon to the center of the ribbon and Basic Black card stock strip.

Apply Sticky Strip to the center of the piece of 5" So Saffron ribbon. Fold in one end and adhere to the center. Repeat with the other end.

Use Sticky Strip to adhere looped ribbon to the center of the first looped ribbon
